Dear Friends,

As a supporter of Kavod Senior Life, I know you are interested in the measures we are taking to address the issues surrounding the coronavirus pandemic. We are working hard to ensure that our residents are as safe and protected as possible. We are following Governor Polis' recommendations to restrict all visitors to our campus that do not provide crucial services and have cancelled all activities including grocery shopping. We are following the daily guidelines we receive from the Center for Disease Control (CDC) and the Colorado Department of Public Health and Environment (CDPH) among other sources.

In addition to the resident's physical health and safety, we are extremely concerned about the financial impact the virus is going to have on them. The majority of our residents are very low income and not prepared for the additional expenses they are facing. They are going to need help purchasing basic goods such as toilet tissue, hand sanitizer, and disinfectants for their apartments as well as paying for grocery and pharmacy delivery charges. The needs our residents will be confronting are huge. They are very frightened. Therefore, we are establishing the **Coronavirus Support Fund**. We hope that you will help these very vulnerable seniors with an investment of cash or essential non-perishable goods. All donations to the **Fund** will go directly to the residents.

If you wish to contribute to the fund, please use the enclosed envelope or visit our website to donate. If you would also like to contribute goods and supplies, please call our front desk at 303-399-1146 to arrange for a staff member to meet you at your car in the circular driveway at 22 South Adams to collect your donation.

These are unprecedented times and we hope you will keep our residents in your hearts and help us keep them safe and comfortable. We need your help!

Thank you in advance for your support of Kavod's **Coronavirus Support Fund**.

Sincerely,
