

March 26, 2020

Dear residents,

As you know, our Denver Mayor issued a shelter-in-place order on Monday, March 23. **This order means that everyone must STAY HOME except for outings that are absolutely necessary. We need all residents at Kavod to comply.** Abiding by this mandate will help avoid the spread of coronavirus and make our campus less susceptible.

We also need to keep our staff members safe and help them shelter in place as much as possible. To help best protect everyone, we are making the following changes:

**DINING**

We will continue to deliver meals daily in Assisted Living, but now we will deliver three times a week for Independent Living and provide TWO DAYS of food at each delivery. That way you will receive one meal to eat on the delivery day and one to put in your refrigerator for the next day.

**Here is the schedule starting this Friday, March 27:**

<b>FRIDAY:</b> Receive a meal for FRIDAY and SUNDAY
<b>MONDAY:</b> Receive a meal for MONDAY and TUESDAY
<b>WEDNESDAY:</b> Receive a meal for WEDNESDAY and THURSDAY

We will deliver between 2pm and 5pm. If you don't receive your food by 4pm, call Mohamed at 720.382.7832. This procedure will allow us to keep food safe and as fresh as possible. It will also give you confidence that you will be receiving a daily meal right to your doorstep. **Do NOT enter the dining room.**

## **OTHER UPDATES**

The gym will have limited hours and new requirements for cleaning. Please go outside to get some fresh air and exercise, but limit your interaction with others and do not touch surfaces as much as possible.

Our Life Enrichment department will be reaching out to you with some activities you can do right from home. These will keep your brain active while you self-isolate in your apartment.

Resident Council and Residents Helping Residents sent an update earlier this week about the Free Food Store, Free Loan Fund and Food Bank. Please take advantage of these resources as you are able.

If you have other needs, questions or concerns, reach out to your Care Coordinator.

We will do our part to provide safety and service; as I said last week, we need you to do your part as well. Keep washing your hands, staying at home, keeping a positive attitude and complying with our Mayor's order. Thank you and know that we are in this together.

Sincerely,

A handwritten signature in black ink that reads "Michael Klein". The signature is written in a cursive style with a large initial 'M'.
