

August 21, 2020

Dear Residents,

We are sending a follow up response to last week's letter about a staff member with a positive case of COVID-19. We are pleased to announce that that no other employees or residents who were in contact with this individual have any signs of the virus, based on the number of days that have passed. We hope you join us in celebrating this wonderful news!

As you know, proven safety practices are what led to our success in keeping this case isolated. By everyone wearing face masks, regularly washing hands, observing proper physical distancing, and following other measures to limit visitor access and communal activities, we remain infection-free.

Thank you for doing all you can to continue keeping yourself and others protected. Together we make Kavod what it is – a safe, caring and supportive community.

Sincerely,

Michael Klein
President and CEO
