

August 21, 2020

Dear Resident Family Members,

We are sending a follow up response to last week's email about a staff member with a positive case of COVID-19. We are pleased to officially announce that that no other employees or residents who were in contact with this individual have any signs of the virus, based on the number of days that have passed. We hope you join us in celebrating this wonderful news!

I am proud of our staff for taking immediate action as this situation emerged. Their quick response coupled with our ongoing safety protocols have led to a successful infection control situation. Because of measures such as proper mask wearing, hand washing, 6'+ physical distancing, limited visitor access, enhanced cleaning and more, we remain infection-free.

I thank you for your participation in these protective actions as well as supporting your family member on campus to do the same. Together we make Kavod what it is – a safe, concerned and caring community.

Sincerely,
Michael Klein, President and CEO
