

November 16, 2020

Dear Residents,

As of today, 11/16/20, Kavod has three (3) residents and one (1) staff member diagnosed with COVID-19. Two residents and the staff member are isolating off campus; one resident is isolating at home. We will continue to keep you posted with the latest news, but for now our campus protocols will stay the same as they have been.

Governor Polis has recommended no gatherings for the holidays outside immediate family. We ask that you take this seriously for your safety and that of others, especially on Thanksgiving. If you do choose to leave campus, please stay 6' away from others, wear your mask and ensure no one around you is sick; also try to avoid buffet-style dining. **In general, do not leave campus unless medically essential to do so.**

We understand how hard it may be to continue to stay at home. Please take advantage of the mental health services we have available on campus:

- Kavod offers free therapy sessions with Maria Droste Counseling Center. These are done safely through telehealth using your phone or a monitor in the Health and Wellness Center. Call your Care Coordinator or Mandie to schedule at 720.382.7838.

- We also have a Russian hotline managed by our onsite licensed counselor and Care Coordinator, Marina Balaban - 720.441.8618.

If you have additional questions, call our hotline at 303.591.4890; you may need to leave a message so speak clearly and leave your phone number. Alternatively you may reach out to your Care Coordinator. **As a reminder, if you are exhibiting ANY symptoms of illness, contact your health provider and your Care Coordinator.**

Thank you for your patience. We are still looking forward to counting our blessings during the holidays.

Sincerely,

Michael Klein, President/CEO
