

**NEW TESTING DATES & TIMES:  
TUESDAY, JANUARY 12 and TUESDAY, JANUARY 19,  
10AM - 3PM for INDEPENDENT LIVING RESIDENTS**

Please plan to be home on Tuesday (1/12) and Tuesday (1/19)  
for another planned round of testing.

**How it will work:**

- The procedure will involve a quick nasal swab.
- English speakers will either receive a text or email from Curative or letter from Kavod with results in 3-4 days; Russian speakers will receive a letter from Kavod. Call the Curative Support Line for questions at 1.888.702.9042
- As in the past, screening will be conducted by the Denver Public Health Rapid Response Team (RRT).
- Testing will run from **10am** through approximately 3pm\* **NOTE EARLIER START TIME**
- RRT staff will come directly to your apartment sometime during this time period. PLEASE STAY IN YOUR APARTMENT AND THE SCREENERS WILL COME TO YOU.

**Why we are still testing:**

- Kavod is currently in an outbreak status. The Colorado Department of Public Health and Environment (CDPHE) requires multiple rounds of tests in order to resolve it.
- ***The CDPHE will continue doing screenings close together to get to a resolution, even if results from prior tests are not yet in.***
- *NOTE: If you have tested positive in the past, you will not be screened. The virus can still be detected more than 3 months after testing positive. All other residents should participate.*

**Your participation is very important!** For questions regarding testing or appointments THE DAY of testing – please call #303.396.3171.

**Current COVID-19 numbers:** As of 1/6, Kavod has (0) staff and (4) residents with a positive COVID-19 diagnosis. Prior tests are still being processed at this time.

Thank you,

Michael Klein  
President/CEO
