

October 5, 2021

Dear Resident Family Member(s),

In addition to the resident case identified last week, there is a second resident who tested positive for COVID-19 while away from campus. The first individual is isolating in his/her apartment; the second resident has not yet returned. By law, we are unable to share more information about these cases.

We are required to notify the Denver Department of Public Health and Environment (DDPHE) when we have two or more positive COVID-19 cases. Our Task Force will be meeting with them this week to learn if any new restrictions are required. For now, we are being proactive and have made the following changes:

- Dining in Independent Living will be reduced to 5 residents per table.
- Activities will continue for now with strict physical distancing and mask wearing requirements.

If your loved one is not feeling well, ask them to stay in their apartment and contact their Care Coordinator or Mandie Birchem (720.382.7838) for support.

If you have additional questions, call our hotline at 303.591.4890. We will continue to keep you informed of any changes. Thank you for your support.

Sincerely,

Michael Klein  
President and CEO
