

# Kavod SENIOR LIFE

2025

“ I enjoy being outside, nurturing living things, and watching them grow. My colorful garden—filled with statues, pots, and handmade animals—reflects my love of nature.

*I'm grateful to the donors and staff who make it possible to garden at Kavod.* ”

~ Elena Sirbu, Resident

## See how our residents are thriving, thanks to your support!

## *Dear Friends –*

We're excited to share all the wonderful programs, activities and health offerings that have been going on here at Kavod, thanks to your support and others in the community. As you can see from all the photos, Kavod is **much more than buildings – it's about belonging.**

We hope you're encouraged to see how your philanthropy has made a real difference in the lives of older adults in our community. For those on the sidelines, join us in creating a model for positive aging that shines a light for others to follow.

With gratitude -
